Mr. Mike Bartleson
Option B Project Business Manager
City of Broomfield
P.O. Box 1415
Broomfield, CO 80038-1415

000018858

Dear Mr. Bartleson:

This letter is in response to discussions held with Bob Nelson and Mark Van Der Puy concerning the possibility of the Department of Energy Rocky Flats Office (DOE/RFO) purchasing or leasing the Coal Creek and Walnut Creek water rights. Because the off-site Operable Unit 3 investigation is pointing to a no-action scenario for Great Western Reservoir, DOE/RFO has determined that the purchase or leasing of water rights to maintain a water pool, for Comprehensive Environmental Response, Compensation, and Liability Act concerns, in the reservoir is not required at this time, as described to you by phone on January 22, 1993.

Please contact Gail Hill at 966-3424, or Dorothy Gross at 966-7201 if you have any questions concerning this matter.

Sincerely,

Jerri J. Adams,
Contracting Officer
